- 1.2 Paragraph 20. Nordic Aerobatic Championship Sporting Code 2023.

Order of flight will by done randomly by the Scoring program and not by drawing of lots by the opening briefing. The reason for that is we have a lot of pilots flying the same aircraft, and to make the flight operation as effectiv as possible, not causing long delays between flights.

Only CIVA flights in Advance and Unlimited in accordance with Aim of the Nordic Aerobatic Championships, General section. Also in compliance with request from participants and previous championship last year. Paragrah 20 subject to update and revision.
